

This would be a great tragedy in our Tucson area. We currently have one great FM station with family-friendly programming. 100.9, 100.5, and 105.5 K-LOVE supports wholesome values and has a positive & encouraging impact on our community. It is the only station kids enjoy and can listen to without negative consequences. Definitely in the public interest to preserve K-LOVE's awesome and uplifting service to our community. K-LOVE plays up-to-date contemporary music kids of all ages enjoy and parents have no worries because it is all positive-no profanity, no obscenity, no advertising. Without K-LOVE the lesser choices are worrisome and have negative impacts. Please do not allow this great service to be forced off the air! Thanks you.
